

## **ADDENDUM NO. TWO (2)**

April 18, 2022

**DELGADO COMMUNITY COLLEGE – ISAAC HALL TOILET RENOVATIONS**  
**615 CITY PARK AVE.**  
**NEW ORLEANS, LA**  
**PROJECT NO. 21047**

**HOLLY & SMITH ARCHITECTS, APAC**  
**2302 MAGAZINE STREET**  
**NEW ORLEANS, LA 70130**

---

This Addendum forms a part of the Contract Documents and modifies the original specifications and drawings issued for bidding to the extent noted hereinafter.

Careful note of this Addendum will be taken by all parties of interest so that proper allowances are made in all computations, estimates and contracts and so that all trades affected are fully advised in the performance of the work that will be required of them.

---

## **CLARIFICATIONS**

- 2.1 Specifications call for thinset mortar. See Specification section 09 30 13 CERAMIC TILING for additional information.
- 2.2 Water cleanable epoxy grout is used for both floor and wall tile. See Specification section 09 30 13 CERAMIC TILING for additional information.
- 2.3 Approved manufacturers are listed under each material. See Specification section 09 30 13 CERAMIC TILING for additional information.
- 2.4 Contractor will coordinate with Johnson Controls or FireQuest for relocation of fire strobes.
- 2.5 Project is not tax exempt.
- 2.6 Building permit is not required.
- 2.7 Drawing 15 on A208 shows the topping slab required to infill existing depressed floor at showers. The intent is to have a level floor throughout the annex restrooms.

## **MODIFICATIONS TO THE DRAWINGS**

2.8 Delete sheet A301 dated 02.09.2022. Replace with the attached sheet A301 ADD. 02 dated 04.18.22.  
Storage rooms / doors removed from schedules for rooms 110E, 111E, 213E, 214E, 309E, and 310E.

### **MODIFICATIONS TO THE SPECIFICATIONS**

2.9 None

### **SUBSTITUTION REQUEST**

2.10 Hiny Hiders Solid Plastic toilet partitions approved. Color to be selected from manufacturers standard full range.

2.11 Signify and ABB products are approved equals for the lighting fixtures.

### **THIS ADDENDUM CONSISTS OF:**

- Written Addendum (2 pages) (8.5 X 11)
- Sheet A3101 (1 page) (24 X 36)
- Substitution Request Toilet Partition (1 page) (8.5 X 11)
- Substitution Request Light fixtures (13 pages) (8.5 X 11)

**END OF ADDENDUM**

# GENERAL NOTES

---

1. VERIFY ALL DIMENSIONS IN FIELD.
2. DIMENSIONS ARE TO ROUGH OPENING, UNO.
3. SEE SPECIFICATIONS FOR FRAMING & SEALANT TYPES & COLOR.
4. SEE DOOR SCHEDULE FOR ADDITIONAL INFORMATION.

**SUBSTITUTION REQUEST**  
(During the Bidding/Negotiating Stage)

Project: <u>Toilet Renovations (22-548121)</u>	Substitution Request Number: <u>SubReq-21247</u>	
<u>NEW ORLEANS, LA</u>	From: <u>Courtney Smith, Scranton Products</u>	
To: <u>Kevin Morris, Holly &amp; Smith Architects</u>	Date: <u>04/12/2022</u>	
<u>k.mo@hollyandsmith.com, 5045851313</u>	A/E Project Number: _____	
Re: <u>Phenolic Core Toilet Compartments</u>	Contract For: <u>Delgado Community College</u>	

Specification Title: <u>Phenolic Core Toilet Compartments</u>	Description: <u>Phenolic Core Toilet Compartments</u>	
Section: <u>102113.17</u> Page: <u>2</u>	Article/Paragraph: <u>2.2</u>	

Proposed Substitution: <u>Hiny Hiders Solid Plastic</u>			
Manufacturer: <u>Scranton Products</u>	Address: <u>scrantonproducts.com</u>	Phone: <u>570-348-0997</u>	
Trade Name: <u>Scranton Hiny Hiders Solid Plastic</u>		Model No.: <u>N/A</u>	

Attached data includes product description, specifications, drawings, photographs, and performance and test data adequate for evaluation of the request; applicable portions of the data are clearly identified.

Attached data also includes a description of changes to the Contract Documents that the proposed substitution will require for its proper installation.

**The Undersigned certifies:**

- Proposed substitution has been fully investigated and determined to be equal or superior in all respects to specified product.
- Same warranty will be furnished for proposed substitution as for specified product.
- Same maintenance service and source of replacement parts, as applicable, is available.
- Proposed substitution will have no adverse effect on other trades and will not affect or delay progress schedule.
- Proposed substitution does not affect dimensions and functional clearances.

## BACKLIT LED FLAT PANEL

## BFPL Series

Panels and Troffers

## DESCRIPTION

The Alphalite Backlit LED Flat Panel combines the benefits of long life, controllability, and energy savings with elegant design and superior quality of light. The BFPL luminaires optimize LED optics and electronics to deliver energy savings and high performance.

## APPLICATION

Indoor general/ambient illumination. Idea for offices, schools, retail, and other architectural spaces that demand energy demand reduction and high quality light.

## SPECIFICATION FEATURES

## Construction

Rugged construction: solid high quality 23 gauge steel housing and aluminum frame with great heat dissipation and low light degradation. Rated as vibration and impact resistance. With PMMA wide beam angle optic and high transmittance PS diffuser, uniformity of BFPL luminaires reach up to 85%. Housing and optics maintain damp location rating with all internal components.

## Electrical

Luminaire utilizes long life, high efficacy LEDs and a highly efficient, reliable and flicker-free LED driver. 120V-277V input voltage for increased versatility. 0-10V continuous dimming comes standard. Ideal when used in conjunction with controls and sensors.

## Mounting

Installs recessed with T-bar grid.

## Finish

Highly reflective powder coat finish. Baked white matte paint, applied after fabrication.

## Optics

Uniformity light achieved by delivering a comfortable mix of light to working and surrounding surfaces, creating balanced illumination throughout the environment. Occupants can realize a productive and comfortable atmosphere through enhanced light quality and distribution.

## Certifications / Regulatory

UL/cUL listed. All components used have UL approval. UL Class 2. Power supply: SCP, OTP, OVP protection, FCC Part 15 Class B, UL8750 Class 2. IC rated. DLC Premium listed.

## Warranty

7-year limited warranty. See complete warranty terms for details.

## Quick Ship Product

BFPL-22A/8A  
BFPL-24A/8A  
BFPL-14A/8A

## TECHNICAL DATA

Operating voltage	8-15V DC (supply current> 50mA)
Operating current	<30mA
Output	DIM / 1-10V
Stand-by power	<0.5W
Control line	Cable length 500mm , Yellow 12V, Purple DIM+, Gray GND
Detection area	100%/75%/50%/25%
Hold-time	5s/30s/1min/3 min/5min/10min/20min/30min
Daylight threshold	2lux /0lux/30lux/50lux/80lux/120lux/200Lux/250Lux/300Lux/400Lux/Disable
Stand-by period	0s/10s/30s/1min/5min/10min/30min/60min/+∞
Stand-by dimming level	10%/20%/30%/50%
Microwave frequency	5.8GHz±75MHz
Microwave power	<0.3mW
Mounting height	≤2.5m-5m(Max) (ceiling mounted)
Detection range	DxH. ø10mx4m (ceiling mounted)
Detection angle	360°(ceiling mounted); <150° (Wall Mounted)
Operation temperature	-40°C~+80°C
Size	66*20.5*12.1mm
Warranty	5 years

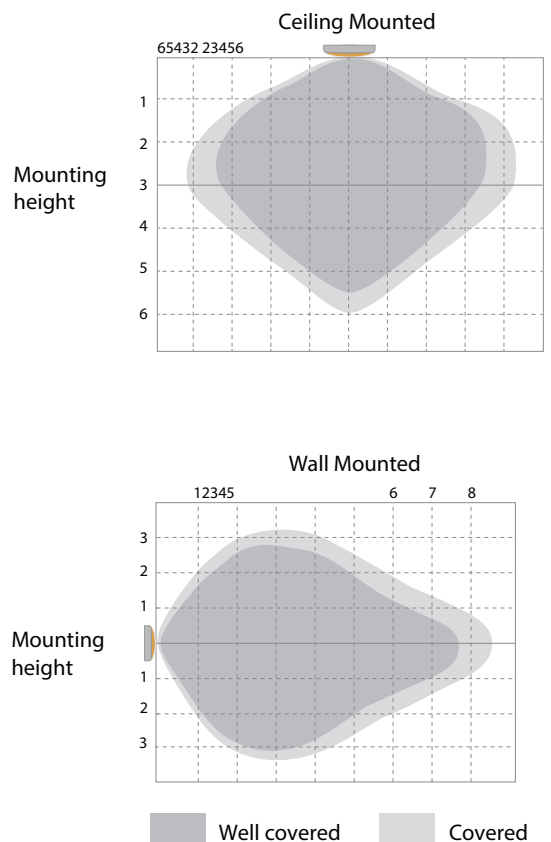

Note:

1. Different applications and places will make different detection distance, our result is just for your information.
2. Factory Default Setting: Detection area 100%/ Hold time 3 mins / Daylight Threshold Disable / Stand-by period 30 mins / Stand-by dimming level 50%

## MECHANICAL STRUCTURE

## DETECTION COVERAGE (UNIT:m)

## DETECTION COVERAGE (UNIT:Inches)

## APPLICATION

**1. Automatically ON/OFF function:**

The Stand-by period is set to "0s", Daylight threshold is set to "2Lux/10Lux/30Lux/50Lux/80Lux/120Lux/200Lux/250Lux/300Lux/400Lux".  
Light on when detect movement and off after people leave at night. Applications: Corridor, Staircase.

With sufficient daylight, even when motion detected, light remains OFF.

With insufficient daylight, when motion detected, light ON.

After the last detection and the present hold timelapsed, light OFF.

**2. No daylight function**

The Daylight threshold is set to "Disable".

Stand-by period is set to  $+\infty$ , The light will always remain ON.

Light on when detect movement, After people leave, Light off after stand-by period.

When motion is detected, the sensor will switch on the light to 100% brightness.

After people leave the detection area, light remains 100% brightness within hold time.

After the last detection and the present hold time elapsed, light OFF.

**3. Function Demo - Dimmable control/Corridor function**

The Stand-by period is set to "10s/30s/1min/5min/10min/30min", Daylight threshold is set to "2Lux/10Lux/30Lux/50Lux/80Lux/120Lux/200Lux/250Lux/300Lux/400Lux".

Light on when detect movement and off after people leave at night. Applications: Corridor, Staircase.

With sufficient daylight, even when motion detected, light remains OFF.

With insufficient daylight, when motion detected, light ON.

After last detection, the light will be dimmed down to the stand-by dimming level (10%, 30%) after holdtime.

After the stand-by period, light OFF.

**Attention**

1. Please read the instructions carefully before using this product and keep it well for all users to read at any time.
2. The sensor should be installed by qualified electrician and ensure power is off before the installation.
3. We reserve the right to modify any incorrect text, image and necessary technical parameters.
4. Any unauthorized modification is forbidden, otherwise all guarantees will be immediately invalid.

**Application Environment**

1. Suitable for indoor installation to avoid false triggering due to external factors such as rain, wind or tree swing.
2. Shall not be installed in the place with all four metal shelters and small space (such as galvanized-iron roof).
3. Shall note be mounted installation, so as to avoid false trigger caused by the lamp itself shaking.
4. Shall not be installed next to large operating machines such as ventilator/ceiling fan to avoid false triggering caused by machine vibration.

**User Notes**

1. Microwave can penetrate walls or glass thinner than 20cm and attenuate if thicker than 20cm.
2. The driver voltage shall be stable and float within 10%.
3. Detection area will be affected by speed of motion, mounting height and movement volume.
4. Conduct test on sunny days without the lampshade which will affect the tested lux value

**LyteProfile downlights and wall washers** provide a perfect balance of functionality with glare control. The robust and versatile UniFrame frame-in kit makes changes and updates easy to manage and install. Ideal for use in a variety of applications including open office, institutional, healthcare, and retail.

Standard luminaire = Frame + Engine/Trim + Accessories (optional)

Buy American Act of 1933 (BAA)\*\* Compliant luminaire\* = Frame-BAC + Engine/Trim-BAC

\* BAA compliance requires that BAC option be selected for each of frame and engine/trim.

Frame and engine/trim will be ordered/shipped together (ex: 4RN-BAC-Z4RDL20835WOCZ10U-BAC).

Accessories (optional) are not currently BAA-compliant.

**Accessories** (Not currently BAA-compliant - learn more on page 2)

<b>SBA</b>	Interact Ready System Bridge Accessory with integral occupancy and daylight sensor (compatible with all 0-10V options, see SBA spec sheet) <sup>7</sup>
<b>CAEM6</b>	Field installable Bodine BSL6 6W battery pack with self-test/self-diagnostic for use with new construction frames, 120-277V
<b>7925</b>	6" sloped ceiling adapter (refer to SCA spec sheet for slope options)
<b>AMS</b>	ActiLume multi-sensor (optional accessory for PoE configurations)

- Universal 120-347V is for 0-10v (Z10) dimming configurations only. For 347V non-Z10 dimming, order 347V (3) frame with (U) light engine/trim.
- Emergency (EM6) frame is compatible with reflector mounted test switch when light engine is ordered with IEM6 option code (not compatible with 347V or Power over Ethernet configurations).
- Interact Pro (RADIO) requires above ceiling access.
- Shower light (SL) is only available with White (WH) reflector finish.
- Specify standard UNV frame for use with 347V light engines
- The 347V light engine voltage option is only available with Z10 dimming option. For other dimming protocols order UNV (U) light engine and 347V (3) frame.
- Requires IRT9015 IR remote and Interact Pro App for commissioning.
- IEM6 option available on DL style only.

\*\* Failure to properly select the "BAC" suffix could result in you receiving product that is not BAA compliant product with no recourse for an RMA or refund. This BAC designation hereunder does not address (i) the applicability of, or availability of a waiver under, the Trade Agreements Act, or (ii) the "Buy America" domestic content requirements imposed on states, localities, and other non-federal entities as a condition of receiving funds administered by the Department of Transportation or other federal agencies.

# P6R LyteProfile 6"

## Round Downlight & Lensed Wall Wash

### Features

#### Optics

- Provides a 60° cutoff (physical and reflected)
- Wide beam distribution for general illumination
- Spun and anodized reflectors available in specular (clear), semi-specular (comfort clear and diffuse finishes. Also available in white and black painted finishes.

#### Quality of light

- Consult factory for RAL finishes
- Color consistency: 3 SDCM
- 80 CRI minimum

### Construction (New Construction)

- Galvanized stamped steel for dry / plaster ceilings.
- Pre-installed telescoping mounting bars (13"-24")
- Frame accommodates C- channel, black iron, and 3/4" EMT for mounting distances greater than 24" between joists.
- Manufactured from 20 gage galvanized steel construction with rolled edge aperture to guide cutting tools for perfect hole cutting.

Max ceiling thickness is 2" (51 mm).  
Including PoE frame 4.88" (124 mm).

### Patented install Mounting frame

- Pre-installed mounting bars allow for fast and tool-less install into T-grid & hat channel ceilings
- Close-cut aperture design eliminates an undesired gap between ceiling material and reflector.
- Simple plug-and-play connection between frame and light engine from below the ceiling allows for:
  - Easy upgrades
  - Technology changes
  - Repairs and troubleshooting

### Dimming

- Advance 0-10V 1% dimming
- Lutron Hi-lume EcoSystem H Series 1% dimming
- EldoLED ECOdrive Dali 1% dimming
- EldoLED SOLOdrive 0-10V 0.1% dimming
- EldoLED DMX POWERdrive

### Light engine

Quick connect power pack allow for easy installation and replacement from below ceiling with no need for additional wiring. This allows for:

- Frame and ceiling installation to be performed while still finalizing details such as lumen packages, CCT and control type.
- Easy replacement of electronics at end of life with minimal wasted material and labor required.
- Ease and upgradability of technology.
- Lumen Maintenance: L80 at 60,000 hours.
- 347V light engines are 0-10v dimming only and include dedicated 347V driver for use with universal 120/277/347V (U) frames. For 347V and non-0-10v dimming, order (U) light engine and 347V (3) frame (includes step down transformer).

### Emergency

Bodine BSL6 6W battery pack with self-test/diagnostic functionality. Factory or field mounted to frame.

- For trim with integral emergency test switch, order light engine with IEM6 option (ex: P6RDL20835CDZ10UIEM6). DL or SL styles only.
- For remote ceiling mounted test switch, order standard light engine (ex: P6RDL20835CDZ10U). Optional accessory ceiling mounting plate available (CAEM6TSCP) for remote mounted test switch.
- Refer to Calculite-LyteProfile-EasyLyte Emergency Battery Pack specification sheet for more details.

### Retrofit

- Easily updates legacy LyteProfile LED downlights to the latest technology. Includes light engine, trim, and driver mounted on cover plate that mounts to previous generations of LyteProfile LED luminaires. Order with R option code at end of light engine/trim catalog number.

### Power over Ethernet

#### Powered via Philips PoE lighting controller:

complies with FCC rules per Title 47 part 15 (Class A) for EMI / RFI (conducted & radiated). PoE lighting controller accessible from below ceiling.

### Options and Accessories

**Sloped ceilings:** Compatible with sloped ceiling adapters (see SCA spec sheet).

**Field Installed Emergency:** Refer to Calculite-LyteProfile-EasyLyte Emergency Battery Pack specification sheet for more details.

**CAEM6:** Field install EM6 kit with Bodine BSL6 6W battery pack with self-test/self-diagnostic, mounts to new construction frames. Includes remote ceiling plate for test switch. To mount test switch to trim for new construction frame, order light engine with IEM6 option code (e.g. P6RDL20835CDZ10UIEM6).

**CAEM6TSCP:** Ceiling cover plate for remote mounted EM6 test switch. 1/2" (25mm) hole, 4 3/8" (109mm) x 2 3/4" (69mm) rectangular. Includes two mounting screws.

### ENERGY STAR® exceptions

- 500lm configurations
- Black finishes
- PoE drivers

### Labels and Listings

- cULus listed for wet locations
- CCEA (frames with \*LC suffix)
- ENERGY STAR® certified
- RoHS certified

### Warranty

5 year limited warranty  
Visit [Signify.com/warranties](https://www.signify.com/warranties) for more information on Signify's standard 5-year limited warranty on complete luminaire systems.

### Finishes

#### Specular clear

Most specular and therefore most efficient finish, delivers maximum photometric performance but can produce a mirror image effect of the interior space.

#### Comfort clear

Semi-specular finish that softens the light at the source of the reflector and creates a subtle, even luminance from the reflector cone.

#### Comfort clear diffuse

Slightly diffuse clear finish, which eliminates iridescence and reduces the mirror image effect inherent with a specular finish.

#### White

Brightest aperture when illuminated and provides the smoothest transition to most ceilings when off (white is only available with a white flange).

#### Black

Specular finish that provides the lowest aperture brightness possible and reduces source identification in a ceiling significantly (black is only available with a black flange).

### Wireless Controls Options

#### Interact Pro scalable sensor

##### (System Bridge Accessory with -CS option):

- CS is a connected sensor with integral occupancy and daylight sensing and supports wireless mesh connectivity.
- The sensor works in the Foundation mode (similar to SpaceWise) when configured without a gateway or in an Interact Pro Advanced or Enterprise mode if a compatible gateway is used.
- Interact Pro includes an App, a portal and a broad portfolio of wireless luminaires, lamps and retrofit kits all working on the same system.
- Startup is implemented via Interact Pro App (Android or iPhone) & Bluetooth connectivity. The App provides flexibility to choose between a gateway or non gateway mode for setup.
- Setup with the gateway requires wired internet access to the gateway. It is possible to add a gateway at a later point.
- Prepare project configuration steps remotely and use IRT9015 remote onsite to identify and group devices together.
- Compatible with:
  - UID8451/10 wireless dimmer switch
  - SWS200 wireless scene switch
  - Battery powered IP42 presence sensor OCC sensor IA CM WH 10/1
  - Battery powered IP42 presence & daylight sensor OCC-DL sensor IA CM IP42 WH
  - Battery powered IP65 presence sensor OCC sensor IA CM IP65 WH
  - Battery powered IP65 presence & daylight sensor OCC-DL sensor IA CM IP65 WH
- For more information on Interact Pro visit: [www.interact-lighting.com/interactproscalablesystem](http://www.interact-lighting.com/interactproscalablesystem).

#### Interact Pro Enterprise

##### (System Bridge Accessory with -SB option):

- A wireless IoT connected lighting solution for large enterprises that span across multiple floors, buildings and require multiple gateways.
- View all your projects under one dashboard and easily compare insights from multiple projects in one view.
- Compatible with UID8451/10 wireless dimmer switch, SWS200 wireless scene switch, wireless Occ sensor (OCC SENSOR IA CM IP42 WH 10/1) and wireless Day/Occ sensor (OCC MULTI SENSOR IA CM WH 10/1) and wireless Occupancy or Daylight & Occupancy sensors available.
- Use Interact software and insights to increase building efficiency, achieve building wide integration and optimize space through occupancy analytics.
- SB option in addition to occupancy and daylight sensing supports advanced IoT capabilities such as people estimation analysis, desk level temperature & humidity sensing, noise classification, and BLE beacon.
- Requires compatible Gateway and internet connectivity for commissioning.
- For more information, visit: [www.interact-lighting.com/office](http://www.interact-lighting.com/office) or [www.usa.lighting.philips.com/systems/system-areas/offices](http://www.usa.lighting.philips.com/systems/system-areas/offices).

#### Emergency Options (ER100)

##### (System Bridge Accessory with -ER100 option):

- Power Sensing (Factory default) – Recommended UL924 option requires unswitched power sense line, absence of voltage on the normal circuit triggers luminaire to 100% output
- Power Interruption Detection (Field option) – Detects AC power interruption >30ms triggers 90 minute emergency mode with luminaire at 100% output

#### Radio only sensor (RADIO):

- Integral RADIO only sensor simply enables wireless mesh connectivity to the luminaire without any occupancy or daylight sensing.
- Ideal for applications where sensing functionality is managed by other Interact devices and the luminaire only needs to have wireless connectivity.

### Wired Controls Options

#### Interact Office Wired (PoE):

- PoE based IoT connected lighting solution for large enterprises that span across multiple floors, buildings and require multiple gateways.
- Use Interact Office software and insights to increase building efficiency, achieve building wide integration and optimize space through occupancy analytics.
- Supports advanced IoT Apps on Personal Control, Space Management, wayfinding, room/desk reservation and offers open APIs for light control and data exchange.
- PoE lighting controller is accessible from below.
- Integral sensor option for occupancy sensing (PIR) and/or daylight harvesting available for additional energy savings.

- Optional integral emergency controller and battery pack provides 600lm nominal output.
- Test switch and indicator light mounted on side of chassis on one end.
- Emergency battery has a 3 month pre-installed shelf life, and must be stored and installed in environments of 20C to 30C (-4F to 86F) ambient, and 45-85% relative humidity.
- For more information on Interact Office Wired, visit: [www.interact-lighting.com/office](http://www.interact-lighting.com/office) or [www.usa.lighting.philips.com/systems/system-areas/offices](http://www.usa.lighting.philips.com/systems/system-areas/offices).

#### Interact Office Wired (PoE), Static White:

- A wireless IoT connected lighting solution for large enterprises that span across multiple floors, buildings and require multiple gateways.

- View all your projects under one dashboard and easily compare insights from multiple projects in one view.
- Compatible Zigbee Green Power wall dimmer and wireless Occupancy or Daylight & Occupancy sensors available.
- Use Interact Office software and insights to increase building efficiency, achieve building wide integration and optimize space through occupancy analytics.
- Supports advanced IoT Apps on wayfinding, room/desk reservation and offers open APIs
- Requires compatible Interact Office Gateway and internet connectivity for commissioning.
- For more information on Interact Office Wireless, visit: [www.interact-lighting.com/office](http://www.interact-lighting.com/office) or [www.usa.lighting.philips.com/systems/system-areas/offices](http://www.usa.lighting.philips.com/systems/system-areas/offices).

TYPE EXIT

## Prestige™ Economizer Series – Recessed ceiling mount

Edge-lit exit sign

### Construction

- Steel housing with extruded aluminum trim plate
- Panel features a curved contour for maximum illumination and clarity
- 6 inch EXIT lettering legend available in red or green
- Field installed stick-on chevrons
- Choice of housing and trim plate finishes, off white or textured aluminum

### Mounting

- Fully recessed ceiling mount
- Hanger bars included for lay-in installation in T-bar grid

### Special wording panels

- Available. Contact your sales representative with your design requirement

### Electronics

- 120/277 60Hz

### Approvals

- UL 924 listed
- Meets NFPA101 (Life Safety Code), NFPA 70 NEC, OSHA illumination standards
- E-California Energy Commission Title 20

### Warranty

- Unit has a five-year limited warranty
- Detailed warranty terms located on page 202 or online at:  
[www.emergi-lite.com/usa/files/EL\\_Warranty.pdf](http://www.emergi-lite.com/usa/files/EL_Warranty.pdf)
